The Northwest Arkansas Genealogical Society, whose goal is to gather, preserve, and perpetuate records of our pioneer ancestors, presents our third volume of Benton County cemetery records. Cemeteries from all sections of the county were included in our first two volumes, but this one is Bentonville only. Future volumes will contain more of the smaller cemeteries; the larger cities will be in single issues. We hope to record every cemetery in Benton County.

The N.A.G.S. takes no responsibility for the authenticity of the following pages. We strived for accuracy, but some of the stones are very difficult to read; and there is always a chance for errors, both in copying and in transcribing. We would appreciate any corrections.

Anyone having knowledge of burials where there are no stones may contact a member of the committee and the information can be placed in future volumes. We would also appreciate information regarding small or family cemeteries.

Our cover is a map of Benton County locating major roads and cities, and indicating the sites of the cemeteries in each volume. Geographical locations are given at the beginning of each cemetery list, and the name or names of those who copied that cemetery.

To all those great volunteers who make these volumes possible - our THANKS.

BENTONVILLE CEMETERY

In the early years of Bentonville history, the cemetery was enclosed by a wire fence with an entrance for funeral processions Beneath a large tree was a stile (steps ascending and descending the fence) for the pedestrian. To the left of the flagpole, sections 4, 5, and part of 6, are the oldest, with some stones dating in the late 1700's.

A large stone seen in the pine grove background (appears bisected by the flagpole) is the monument of Governor James H. Berry of Arkansas 1883-1885 and Senator 1885-1907.

This view is looking north from the area of the Mausoleum in this serene and well-kept cemetery.

Unknown Confederate soldiers, Pioneers, Veterans of Spanish American, WW I, WW II, Korea, Vietnam, and other wars are here in their final resting place.

The Novitzky family built this small Mausoleum before 1914. They emigrated from Europe in the late 1800's. They owned a bakery in Bentonville around 1909. The daughter, the father, and the mother are interred here. The Mausoleum is located in Section 4.

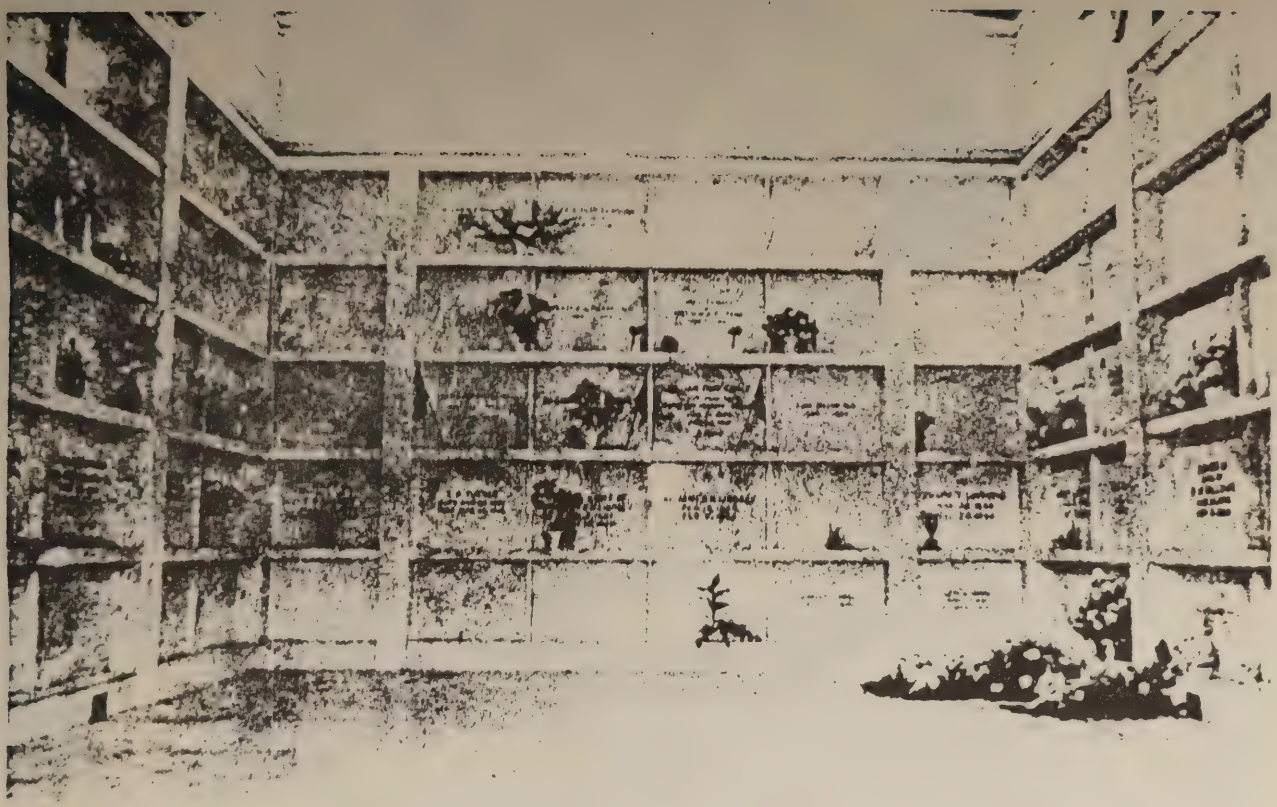
Among these monuments are graves removed from the Park Springs area which was part of a family cemetery.

The five which could be identified are: William Spring and his wife, Lucinda; Dr. J. A. Morrow, his wife, Martha Valentine, and their daughter, Margaret Jane.

This view is looking northwest from S. W. "F" Street.

This beautiful Mausoleum was built about 1914, and was constructed of Carthage stone.

It is located in Section 3 of the cemetery, with listings in Section 14 of the book.



The interior of the Mausoleum is entirely faced with beautiful white, imported Italian marble. The names and dates of the people interred are inscribed on each crypt.

The windows are stained glass through which the sun shines in colorful streams of light. Approximately seventy names are listed.

Many large family plots and beautiful remembrances are seen.

The above is one example of the many unusual monuments. Note the intricate and detailed carvings of the various stones.

1861 - 1865

This Confederate Monument was erected by the United Daughters of the Confederacy in the center of the Bentonville Square in honor of the Confederate dead.

Unknown Confederate Dead. Located in Section 5.

Woodman of the World

Angel in Repose

These monuments are excellent examples of the Cemetery statuary. Located in Sections 4 and 5 respectively.

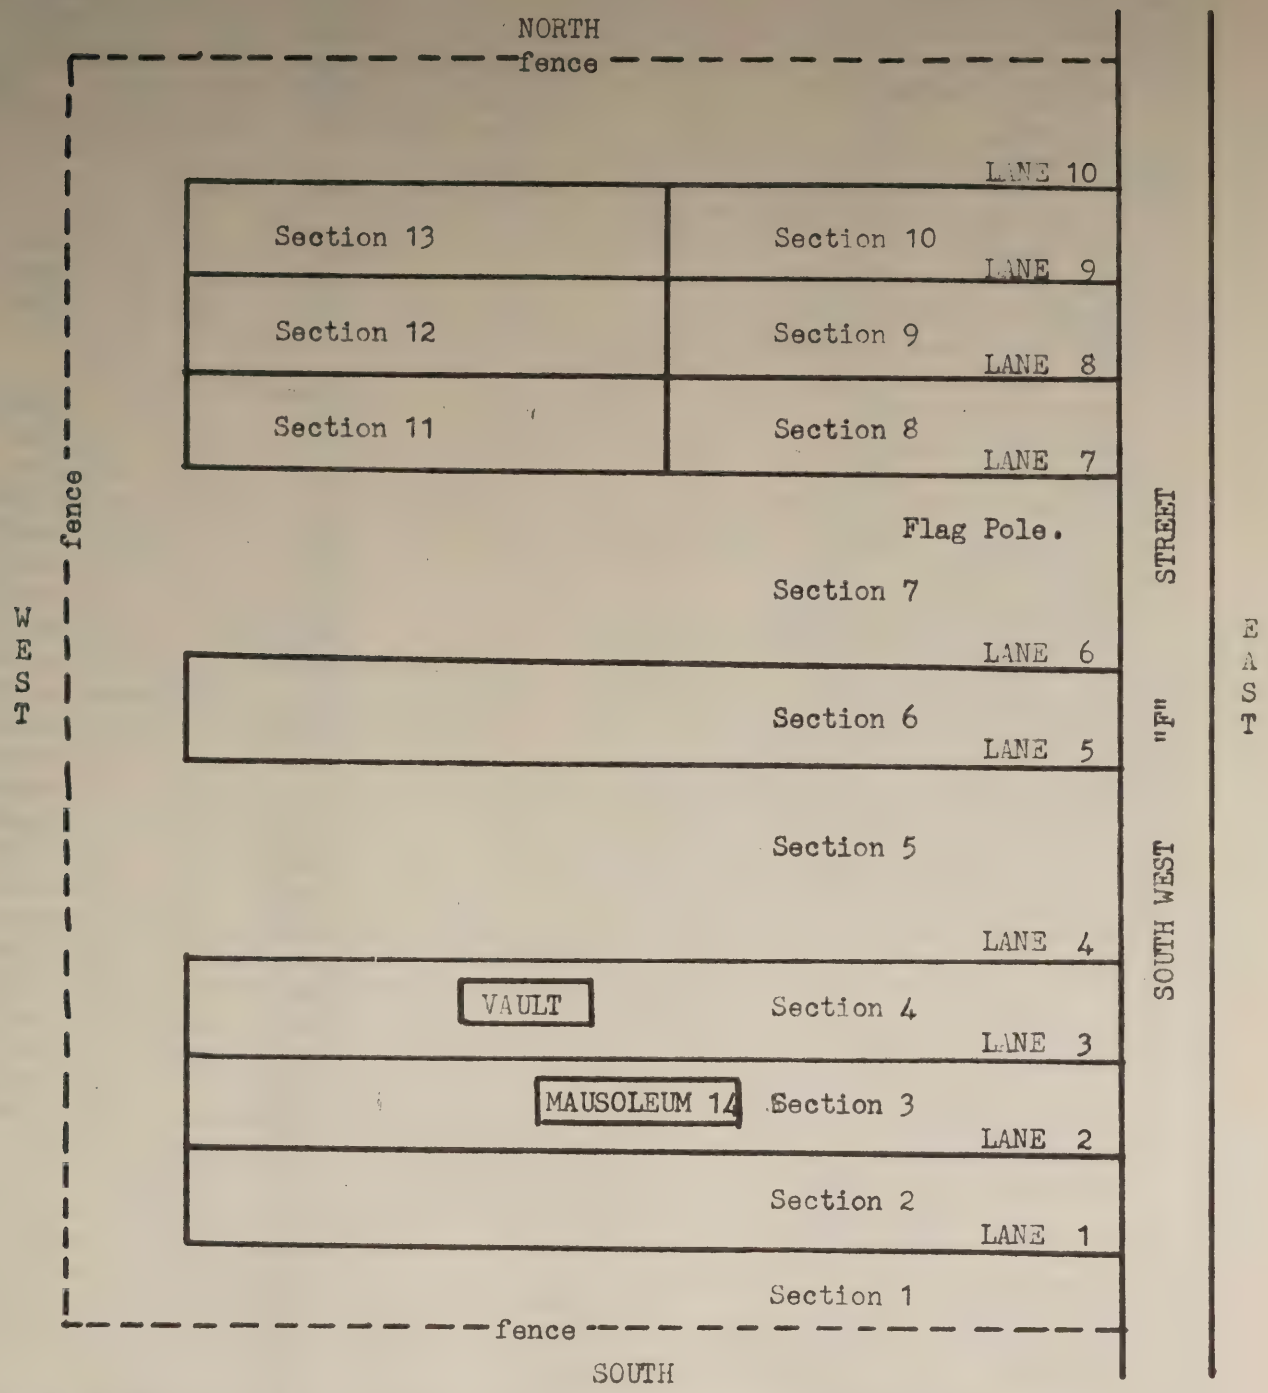
BENTONVILLE CEMETERY

Located in the S W Section of Bentonville.
Copied by Gail Scott, Gary Black and Verba Jo Pearce. March 1975



The cemetery is divided into Sections by driving LANES 1-10. The Sections between lanes are numbered 1-13 with the MAUSOLEUM number 14. Tombstones may be located by using the INDEX for the name and page number; noting the Section, then referring to the Section number on the map. More than one of the same surnames may appear on the same page. There are a number of rocks, sandstones, and broken illegible stones to indicate graves. Some graves are unmarked.

THE LIVING

You will praise him when he's gone;
  When his earthly struggle closes
  You may send the florist's roses
His dark bier to lie upon;
  When he cannot hear or see
  You will very friendly be,
  But 'twere better far, he'd vow,
  If he had your friendship now.

You will speak about his worth;
  When he has no need of fame,
  You will glorify his name
When at last he quits the earth;
  And if he should die today,
  Many kindly things you'd say,
  But I wonder why do men
  Always seem to wait till then?

When the frost is on his cheek
  And his hands lie still and cold,
  All his good deeds will be told,
Those who're silent now will speak;
  When at last his journey ends
  He will pass through lines of friends.
  But today he musn't know
  That his neighbors love him so.

Draw up, friends, on either side
  For the man who lives today!
  Smile at him and smooth his way,
Let the line be long and wide,
  As your praise of him be said
  As you would if he were dead,
  Make his living march as fine
  As shall be his funeral line.
